

How to claim your child's Trump Account

1 Have ready

A government ID

Passport or driver's license.

Your information

Name, SSN, address, phone and email.

Your child's information

Name, SSN and place of birth as listed on their birth certificate (the hospital name, or the address of a home birth).

2 Download the Trump Account app

You'll need the app even if you use the trumpaccounts.gov website to access the account.

3 Select "Create an Account"

Via the app or the website, select Create an Account and follow the prompts.

4 No separate Form 4547

UPDATED

You no longer need to separately file Form 4547 with the IRS. It's now integrated into the account opening process.

5 Watch your inbox

You'll be notified by email when the account has been approved and is ready to use.
